Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting Principles generally accepted in India including The Indian Accounting Standard specified under sec.133 of the act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be

influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Krebs Biochemicals and Industries Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls over financial reporting of **M/s. Krebs Biochemicals and Industries Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31st March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial reporting issued by the Institute of Chartered Accountants of India (the Guidance Note).

Management’s Responsibility for Internal Financial Controls

The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting Principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting Principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The financial statements have been prepared on the historical cost basis, except for Certain financial assets and liabilities that is measured at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates, judgements and assumptions effect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

2.2 Current and non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when:

It is expected to be realised or intended to be sold or consumed in normal operating cycle or

It is held primarily for the purpose of trading or

| | |
|------------------------------------|---|
| Raw Materials | :Weighted average cost |
| Stores and spares | :Weighted average cost |
| Work in process and finished goods | :Material cost plus appropriate share of labour and related overhead. |

2.4 Property plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. Estimated useful life of the assets are as follows:

| | | | |
|-------------------------------------|----------|---------------------------|----------|
| Factory Buildings | 30 years | Factory Equipment | 20 years |
| Non Factory Buildings | 60 years | Lab Equipment | 20 years |
| Plant & Machinery - Pharma Division | 20 years | R & D equipment | 20 years |
| Plant & Machinery - Power Plant | 40 years | Office Equipment | 5 years |

| D G Sets | 20 years | Computers | 3 years |
| Effluent Treatment Plant | 20 years | Fences, wells, tube wells | 5 years |

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.5 Revenue recognition

Ind AS 115 recognises revenue on transfer of the Control of goods or services, either over a period of time or at a point in time, at an amount that the entity expects to be entitled in exchange for those goods or Services. The company has adopted Ind AS 115 from FY 2018-19 and recognised revenue accordingly.

- a) Export sales: Export sales are recognized on the date of Bill of Lading. However, final adjustments are made in the year of receipt of discharge port analysis.
- b) Domestic sales: Domestic sales are accounted on the date of Forwarding Note (Rail dispatches / Lorry receipt / Delivery challan). However, in case of spot auction under electronic mode, the sale is recognized on conclusion of the auction.
- c) Scrap sales: Income is accounted on realization basis in respect of used / surplus / obsolete / unserviceable materials / waste products and scrap

2.6 Expenditure

Expenses are accounted on accrual basis and provision is made for all known losses and liabilities.

2.7 Intangible Assets

Product development expenses that are directly attributable to development and testing of new products are recognised as intangible assets when the expenditure attributable to the product during its development can be reliably measured. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortisation is recognised on a straight line basis over their estimated useful life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.8 Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.9 Interest Free Sales Tax Loan:

The sales tax collected on domestic sales of Company's products is treated as interest free sales tax loan from the AP State Government in accordance with the State Government incentive scheme. The amount credited to the loan account is based on the amounts collected as sales tax. The liability is measured at its fair value considering the discounting rate as 8% and is shown at its fair value in statement of assets and liabilities and the gain/(loss) is accounted as Other Comprehensive Income.

2.10 Foreign Exchange Transaction:

All the Foreign Exchange transactions entered into during the current financial year are accounted at the exchange rate prevailing on the date of documentation/invoicing. Foreign

Exchange Fluctuation on transactions entered into during the current financial year and received/paid during the year are accounted in the current financial year. The outstanding foreign currency debtors are restated at the Foreign Currency Rates prevailing at the end of the year and the Foreign Exchange Fluctuation on the same is also recognised at the end of the year in conformity with Indian Accounting Standards and foreign currency debtors which are doubtful at the end of the year are not restated at the foreign currency rates prevailing at the end of the year.

2.11 Employee Benefits:

Contribution to "Defined Contribution Schemes" such as Provident Fund is charged to the profit and loss account as incurred. Provident Fund contribution is made to the Government Administered Provident Fund. Company has no further obligation beyond this contribution charged in financial statement.

Company also provides for Retirement Benefits in the form of Gratuity. Such Benefits are provided for, based on valuation, as at the Balance Sheet date, made by independent actuaries.

Short term employee benefits including leave are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related services are rendered.

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Gratuity plan is a non funded plan.

2.12 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.13 Financial Assets & Financial Liabilities

Initial recognition and measurement

All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.14 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit for the year attributable to equity shareholders and the weighted average number of Equity Shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Calculation of earnings per share:

Disclosure as required by Accounting Standard - Ind AS 33 Earning Per Share of the Companies (Indian Accounting Standards) Rules 2015.

The earning per share is calculated by dividing the profit after tax by weighted average number of shares outstanding for basic and diluted EPS.

2.15 Taxes on income

Current Tax :

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Tax :

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax

rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively. For items recognised in OCI or equity, deferred/ current tax is also recognised in OCI or equity. "MAT Credit" Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit.

2.16 Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Nonfinancial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

2.17 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.18 R & D Expenditure

Revenue expenditure on research and development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on research and development is considered as an addition to property, plant & equipment/ intangible assets.

2.19 Dividends

Provision shall be made in the accounts for the dividends payable by the company as and when recommended by the Board of Directors, pending approval of the share holders at the Annual General Meeting.

2.20.1 Contingent liabilities

The Company has received various orders and notices from tax and other judicial authorities in respect of direct taxes, indirect taxes and labour matters. The outcome of these matters have a material effect on the financial position, results of operations or cash flows. The filing of suit or formal assertion of a claim against the Company or the disclosure of any such suit or assertions, does not automatically indicate that a provision for a loss may be appropriate. Management regularly analyses current information about these matters and makes provision for probable losses including the estimate of legal expense to resolve the matters. In their assessment management considers the degree of probability of an unfavourable outcome and the ability to make a sufficiently reliable estimate of the amount of loss.

2.20.2 Going Concern Assumption

During the year ended 31st March, 2025 Company has incurred loss before tax of Rs.2692.40 lakhs as against loss before tax of Rs.1972.84 lakhs during previous year ended 31st March,

2024. Total Liabilities exceeded its total assets by Rs.14623.88 Lakhs as on 31st March, 2025 compared to Rs.11921.67 Lakhs as on 31st March, 2024. This financial position indicate that material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern and therefore the Company may be unable to realise its assets and discharge its liabilities in the normal course of business. During the current financial year, the Company has prepared strategic plan for next five years.
