MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Developments:

Global:

Pharmaceutical Industry worldwide is decelerated in the mid 2018 due to increased tariffs and trade tensions between the US and China.

As per the World Economic Report released by IMF in April 2019, global growth is projected to slow from 3.6% in 2018 to 3.3% in 2019. Manufacturing companies are confronted with enormous challenges due to high market growth, changing regulations and progressing digitization.

New technology absorption and implementation and robust quality systems will increasingly differentiate. Higher investment requirements for quality and regulatory standards compliance along with gestation periods will be an entry barrier of small companies and significant hurdle for medium sized companies. Consolidation and strategic partnerships will result from such a landscape.

Indian Pharma Sector:

The Indian pharma industry has an important position in the global pharmaceutical industry. It is expected to expand at a CAGR of 22.4% over a period from 2015-2020 to reach USD 55 Billion. India's pharma exports have reached USD 19.14 Billion in 2018-2019.

It is expected that Indian Pharma Industry likely to grow by 11% to USD 41.9 Billion in FY 2019-20. Medicine spending in India is expected to grow 9-12% over the next five years leading India to become one of the top 10 countries in terms of medicine spending.

INDEPENDENT AUDITOR'S REPORT

To the members of,

M/s. KREBS BIOCHEMICALS & INDUSTRIES LIMITED,

Report on the Audit of Financial Statements:

Opinion

We have audited the accompanying financial statements of **M/s. KREBS BIOCHEMICALS & INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as on 31st March, 2019, and the Statement of Profit and Loss (including other Comprehensive Income), statement of changes in equity and statement of cash flows for the year ended 31st March, 2019 and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as key audit matters to be communicated in our report.

Sr No	Key Audit Matter	Auditor's Response
1	Income Tax : The company has uncertain tax position including matters under dispute which involve significant judgment relating to the possible outcome of these disputes in estimation of the provision of income tax. In view of this, the area has been considered as a Key Audit Matter.	Our audit procedures include obtaining details of completed tax assessments and outstanding demands as at the year ended March 31, 2019 from management. We have discussed these matters with the management regarding estimates used to ascertain the tax provision of disputed cases. We have also considered legal precedence and other rulings in evaluating management's position on these disputed cases.
2	Revenue Recognition Revenue is recognized to the extent that economic benefit will flow to the Company and the revenue can be reliably measured. It is measured at fair value consideration received or receivable, net of returns and allowances, discounts and rebates. The Company recognizes revenue when it satisfies its performance obligation by transferring the goods to the customers. Revenue is key driver of the business and judgment is involved in determining when contractual obligations have been performed and to the extent that the right to consideration has been earned. The management of the Company focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the risks and rewards have been transferred. We therefore identified Revenue Recognition as a significant risk and key audit matter.	Our audit work included, but was not restricted to: <ul style="list-style-type: none"> • We understood business revenue recognition policy and how they are applied, including the relevant controls, and tested controls over revenue recognition; • Analytical review of the revenue recognized over the year • Agreeing on a sample basis amounts of revenue to customer contracts and verifying the extent, timing and customer acceptance of goods, where relevant. • We performed cut-off testing for a sample of revenue transactions around the period end date, to check that they were recognized in the appropriate period; • We discussed key contractual arrangements with management and obtained relevant documentation, including in respect of rebate and returns arrangements. • The Company's accounting policy on Revenue recognition is shown in note 2.5 to the financial statements and related disclosures are included in notes. • Based on our audit procedures we did not identify any evidence of material misstatement in the revenue recognized for the year ended 31st March 2019 in the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Financial Performance Highlights, Directors' Report including Annexures to Directors' Report, but does not include the standalone financial statements and our auditor's report thereon.

The other information as stated above not made available to us as of the date of signing of this report and is expected to be made available to us after the date of this statutory auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information when made available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material

misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or

regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of
KREBS BIOCHEMICALS & INDUSTRIES LIMITED**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of
Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of KREBS BIOCHEMICALS & INDUSTRIES LIMITED (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate information

Krebs Biochemicals & Industries Ltd has been incorporated on 2nd December 1991. At present the company is engaged in the business of manufacture of active pharmaceutical ingredients. The company has two manufacturing facilities one at Regadichelaka, Nellore (Dist.) and another one at Kothapalli Village, Kasimkota Mandal, Visakhapatnam (Dist.), Andhra Pradesh, India.

Significant accounting policies

2 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared to comply with the Indian Accounting Standards (IND AS) notified under Section 133 of the Companies Act, 2013 (Companies Indian Accounting Standard Rules, 2015) and other relevant provisions of the Act.

2.1 Historical Cost Convention

The financial statements have been prepared on the historical cost basis, except for Certain financial assets and liabilities that is measured at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates, judgements and assumptions effect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

2.2 Current and non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when:

It is expected to be realised or intended to be sold or consumed in normal operating cycle or

It is held primarily for the purpose of trading or

It is expected to be realised within twelve months after the reporting period, or

It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

It is expected to be settled in normal operating cycle or

It is held primarily for the purpose of trading or

It is due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

2.3 Inventories

a) Raw Materials, Work-In-Progress and Finished Goods are valued at lower of the cost or net realisable value. Cost of raw materials comprises cost of purchase. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

b) Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

c) The basis of determining the cost is

Raw Materials : Weighted average cost

Stores and spares : Weighted average cost

Work in process and finished goods : Material cost plus appropriate share of labour and related overheads

2.4 Property plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. Estimated useful life of the assets are as follows:

Factory Buildings	30 years	Factory Equipment	20 years
Non Factory Buildings	60 years	Lab Equipment	20 years
Plant & Machinery-Pharma Division	20 years	R & D equipment	20 years
Plant & Machinery - Power Plant	40 years	Office Equipment	5 years
Boilers	20 years	Furniture & Fixtures	10 years
Electrical Installations	20 years	Vehicles	8 years
D G Sets	20 years	Computers	3 years
Effluent Treatment Plant	20 years	Fences, wells, tube wells	5 years

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.5 Revenue recognition

Ind AS 115 recognises revenue on transfer of the Control of goods or services, either over a period of time or at a point in time, at an amount that the entity expects to be entitled in exchange for those goods or Services. The company has adopted Ind AS 115 for FY 2018-19 and recognised revenue accordingly.

2.6 Expenditure

Expenses are accounted on accrual basis and provision is made for all known losses and liabilities.

2.7 Intangible fixed assets

Product development expenses that are directly attributable to development and testing of new products are recognised as intangible assets when the expenditure attributable to the product during its development can be reliably measured. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortisation is recognised on a straight line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.8 Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.9 Interest Free Sales Tax Loan:

The sales tax collected on domestic sales of Company's products is treated as interest free sales tax loan from the AP State Government in accordance with the State Government incentive scheme. The amount credited to the loan account is based on the amounts collected as sales tax. The liability is measured at its fair value considering the discounting rate as 8% and is shown at its fair value in statement of assets and liabilities and the gain/(loss) is accounted as Other Comprehensive Income.

2.10 Foreign Exchange Transaction:

All the Foreign Exchange transactions entered into during the current financial year are accounted at the exchange rate prevailing on the date of documentation/invoicing. Foreign Exchange Fluctuation on transactions entered into during the current financial year and received/paid during the year are accounted in the current financial year. The outstanding foreign currency debtors are restated at the Foreign Currency Rates prevailing at the end of the year and the Foreign Exchange Fluctuation on the same is also recognised at the end of the year in conformity with Indian Accounting Standards and foreign currency debtors which are doubtful at the end of the year are not restated at the foreign currency rates prevailing at the end of the year.

2.11 Employee Benefits:

Contribution to "Defined Contribution Schemes" such as Provident Fund is charged to the profit and loss account as incurred. Provident Fund contribution is made to the Government Administered Provident Fund. Company has no further obligation beyond this contribution charged in financial statement.

Company also provides for Retirement Benefits in the form of Gratuity. Such Benefits are provided for, based on valuation, as at the Balance Sheet date, made by independent actuaries.

Short term employee benefits including leave are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related services are rendered.

2.12 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.13 Financial Assets & Financial Liabilities

Initial recognition and measurement

All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.14 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit for the year attributable to equity shareholders and the weighted average number of Equity Shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.15 Taxes on income

"Current Tax:" The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. "Deferred Tax : "Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively. For items recognised in OCI or equity, deferred/ current tax is also recognised in OCI or equity. "MAT Credit" Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit."

2.16 Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Nonfinancial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

2.17 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.18 R & D Expenditure

Revenue expenditure on research and development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on research and development is considered as an addition to property, plant & equipment/ intangible assets.

2.19 Dividends

Provision shall be made in the accounts for the dividends payable by the company as and when recommended by the Board of Directors, pending approval of the share holders at the Annual General Meeting.

2.20 Accounting Policies, change in Accounting Estimates and Errors

I Revenue Recognition:

Ind AS 115 recognises revenue on transfer of the control of goods or services, either over a period of time or at a point in time, at an amount that the entity expects to be entitled in exchange for those goods or services. In order to align with Ind AS 115, the Accounting policy on revenue recognition was reviewed and revised. The Said revision has nil impact on the financials of the company as the company was recognising and accounting revenue in line with the Ind AS 115.

II Ind AS issued and not yet effective:

Ind AS 116 Leases :

Ministry of Corporate Affairs has notified The Companies (Indian Accounting Standards) Amendment Rules, 2019 dated March 30, 2019 which inter alia includes the new standard on Leases Ind AS 116 replacing the existing standard Ind AS 17, to be effective from the 1st April 2019.
